

Amendments to Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A method for wiring an outdoor electrical lighting system to achieve uniform voltage drop, comprising:

providing ~~an~~ a low voltage electrical source through a homerun wire;

connecting said ~~electrical source to~~ homerun wire to wire connectors in an equalizer hub; ~~and~~

connecting ~~said equalizer hub to one~~ uniform length wire leads from two or more outdoor light fixtures to said wire connectors such that each light fixture is an equal electrical distance from the electrical source.

2. (Currently Amended) The method of claim 1 wherein said homerun wire runs from a transformer and the transformer is the low voltage electrical source, ~~further comprising connecting said electrical source to a transformer and connecting said transformer to said equalizer hub~~.

3-17. (Cancelled)
